*Please note that in accordance with Ontario Regulation 180/06: Development, Interference with Wetlands and Alterations to Shorelines and Watercourses under the Conservation Authorities Act, you may require a permit from the Lakehead Region Conservation Authority. Development within the Approximate Regulated Area may require a Permit from the Authority to confirm that the control of flooding, erosion, dynamic beaches, pollution, or the conservation of land are not affected. The straightening, changing, diverting, or interfering in any way with the existing channel of a river, creek, stream, watercourse, lake shoreline or changing or interfering in any way with a wetland will also require a Permit.*

*Regulated activities within the Approximate Regulated Area include construction, reconstruction, erection, or placing of a structure of any kind; any change to a building or structure such as increasing the size; the temporary or permanent placing, dumping, or removal of any material, originating on the site or elsewhere; site grading; or any alteration to a watercourse including culvert, bridge, and boat launch installation, repairs, or replacements.*

**PROPERTY SKETCH**

Please provide a sketch of your property, including your home, shoreline or streambank, proposed location of new native plants, location and distance of all buildings, wells, septic systems, lot lines, roadways, etc., and any other features.

A large grid for drawing a property sketch. The grid is composed of 20 columns and 20 rows of small squares, providing a space for the applicant to draw their property, including buildings, shorelines, and proposed plant locations.
