The intended use of this booklet is for general interest purposes and focuses exclusively on species common to the Lakehead Region Conservation Authority's Conservation Areas and publicly accessible Forest Management Properties, as well as along the Neebing-McIntyre Floodway.

Visitors are not guaranteed to see all species listed, and not all species may be present at all properties. However, with a sharp eye and keen ear, many of the species listed may be observable.

BE SURE TO VISIT:

- Hurkett Cove Conservation Area (HC)*
- MacKenzie Point Conservation Area (MP)*
- Silver Harbour Conservation Area (SH)*
- Mission Island Marsh Conservation Area (MIM)*
- Little Trout Bay Conservation Area (LTB)*
- Cedar Falls Conservation Area (CF)*
- Hazelwood Lake Conservation Area (HL)*
- Cascades Conservation Area (CAS)*
- Mills Block Forest (MBF)*
- Wishart Forest (WF)*
- Neebing-McIntyre Floodway (NMF)*

*Indicates location (LOC.) key.

Trail maps, driving directions and Conservation Areas Generic Regulations can be found at www.lakeheadca.com.
